HOW TO READ THE CREDIT RECORDS

The information contained in this section is taken by our reporters from public records filed throughout the state. While great care is taken to ensure the accuracy of the information reported here, no liability is assumed for errors or omissions. The records themselves, which are open to public inspection, should be consulted before taking any action based on the information herein.

BANKRUPTCIES – Voluntary and involuntary bankruptcy petitions are filed at the United States Bankruptcy Courts in Hartford and Bridgeport. These bankruptcy petition listings are organized into three groups: Chapter 7 (voluntary liquidations in which a debtor turns over all property to be converted into money which is used to pay administration costs and creditors), Chapter 11 (reorganizations used by businesses to rehabilitate rather than liquidate), and Chapter 13 (adjustments to the terms of the debt so that an individual with regular income can pay off the debt from future earnings). In all cases, the name and mailing address of the person or entity filing the bankruptcy petition is followed by the filing date and case number.

LIS PENDENS – These records are notices of the filing of a suit and are filed at town halls throughout the state. The disposition of the suit may affect the title of the property listed.

LIENS & ATTACHMENTS – These records are filed at town halls throughout the state and indicate an encumbrance on the property listed. Abbreviations below indicate the specific type of lien that was recorded.

STATE TAX LIENS – These records indicate delinquent state taxes and unemployment taxes and are filed by the Department of Revenue Services and the Department of Labor. The specific type of tax outstanding is indicated in each record.
